

You're not the game you think you are

Written by dreamkatcha. Any related videos, as always, can be found on my YouTube channel.

None of this would have been possible without the fantastic resources generously provided by immensely talented emulator authors, and communities such as Hall of Light, Lemon Amiga, Lemon 64, World of Spectrum, Moby Games, World of Longplays and Recorded Amiga Games. Thank you for your tireless dedication to preserving the history of gaming.

The challenge...

a) Ignore the largely irrelevant cameo shown in the screenshot and name the Amiga game he/she/it appears in. It's a spin-off of the 'Stroop test' if you're familiar with the psychological assessment method.

b) Alternatively, name the copycat game depicted.

...for bonus points name the 'Boinged-up' game shown in the cut-outs.

If you open up the images in a new window you'll see that the file names are numbers that correspond to the answers that follow below. In any case I'll post them in the right order because that's how logic works, so I'm told.

*You're not the game
you think you are*

ASH: THERE IS AN EXPLANATION
FOR THIS, YOU KNOW.

LAMBERT: I CAN'T SEE A GODDAMN THING.
KANE: QUIT GRIPING.
LAMBERT: I LIKE GRIPING.

Three panthers on a shirt

Football's coming home...

*But if this ever-changing world in which we're living
Makes you give in and cry*

Say live and let die

Is that your final answer?

Resisting the urge to resuscitate another party piece - my Chris Tarrant impression - the moment you've all been waiting for...

- 01. Alien Bash II, Battle Command & Curse of Enchantia
- 02. Alienstorm
- 03. Belial
- 04. Benefactor
- 05. Captain Planet And The Planeteers & Black Shadow
- 06. Cyberpunks & Turrican III
- 07. Defender of the Crown - The DOS, NES, Atari ST, Spectrum, Amstrad, C64, and Mac port of this game share Dizzy's anniversary... giving me the perfect excuse to make this mega-pretty 30th-anniversary celebration emblem relevant.
- 08. Fire & Brimstone & Base Jumpers
- 09. Football Glory
- 10. Fury of the Furries

- 11. Indiana Jones & the Fate of Atlantis - Anyone outside the UK should Google 'Catchphrase', 'Roy Walker' or 'Mr Chips'... not that it would have helped you to guess the name of the game in any way.
- 12. Katakis & Fatman - Marty McFly is there to plug a gap in the Photoshop-screw-up continuum. He's not relevant otherwise. :D
- 13. King's Quest II
- 14. Marvin's Marvellous Adventure - Aimed at young kids so quite a *Push-Over* really. Edd the Duck never needs an excuse to gatecrash the party!
- 15. Premiere
- 16. Switchblade II
- 17. Tusker
- 18. Virocop
- 19. Wings of Death - Name the band and you're halfway there!
- 20. Wiz 'n' Liz
